## Career Objective

Enthusiastic Web Developer with hands-on experience in Angular, PHP for API development, and Leaflet.js maps. Skilled in building interactive applications, designing dashboards, integrating APIs, and managing database-driven reporting systems. Looking to contribute to dynamic projects while continuously learning new technologies.

## Technical Skills

- Frontend: Angular, HTML, CSS, Bootstrap, JavaScript
- Backend & APIs: PHP, REST APIs, UUID-based API calls
- Database & Tools: MySQL (XAMPP), JSON
- Mapping Libraries: Leaflet.js
- Others: Power BI, Linux, Python (basic), Django (basic), C

## Experience

### Web Development Intern – PlanetEye / Farm-AI, Mitcon (2025, 3 Months)

- Designed and developed interactive dashboards for infrastructure reporting.
- Integrated PHP APIs with Angular for real-time data rendering.
- Implemented Leaflet.js maps for visualization.

### Frontend Training – Paarsh Infotech (Nashik, India) (2025, 6 Months)

- Hands-on training in HTML, CSS, and JavaScript.
- Built small-scale frontend projects.
- Improved responsive design and UI/UX skills.

## Projects

1. Interactive Map Application – Angular + Leaflet.js with MySQL & PHP APIs.
2. Report Management Dashboard – Angular standalone components with real-time data.
3. ChatGPT-like Web App (Learning Project) – Angular chatbot UI/UX.

## Certifications & Internships

- Web Development Internship – PlanetEye / Farm-AI, Mitcon (2025)
- Frontend Internship – Paarsh Infotech (2025, 6 Months | HTML, CSS, JS)
- Power BI Dashboard Design – 2024

## Education

- Bachelor of Computer Engineering – 2024
- Diploma in Computer Engineering – 2021

## Personal Details

Gender: Female

Date of Birth: 05 Nov 2001

Marital Status: Single

Current Address: Pavan Nagar, Nashik – 422001

Permanent Address: Indira Market, Tal: Akkalkuwa, Dist: Nandurbar, Maharashtra
